- Follow the general HTML structure:

```
<html>
```

```
<head>
```

```
  <style>
```

```
  ...
```

```
  </style>
```

```
</head>
```

```
<body>
```

```
...
```

```
</body>
```

```
</html>
```

some styles have been included for you

Suggested Steps #2

- Inside the `<body>` tag:
`<div class="container">`
 `<div class="header">`
 ...
 `</div>`
 `<form action="#">`
 ...
 `</form>`
`</div>`

complete the header text

complete the form content with the appropriate labels and input types

include a submit button

Suggested Steps #3

- Inside the `<body>` tag:
`<div class="container">`
 `<div class="header">`
 ...
 `</div>`
 `<form action="#">`
 ...
 `</form>`
`</div>`
