COSC 499: Capstone Software Engineering Project

Dr. Bowen Hui
Computer Science
University of British Columbia Okanagan

Questions…

- About IP agreement?
- About project plan report?

Review of Project Options

- Meeting with subgroups
    - ~20 min for teams in each project option
    - Approx. 2 features per person per milestone
    Are you spending all 3-4 weeks on developing the features?
    - If time: discuss technology stack

Next Steps

- Start project plan
- Complete individual GitHub exercises
- Read intro to Git and GitHub

- Next week: Github
  - Work on team GitHub exercise
  - Topics: Development process, project board, repo setup, weekly reports
  - Attendance:
    - Tuesdays: Teams 1-11
    - Thursdays: Teams 12-22
