

Math 319 - Differential Equations II
Pre-Reading Assignment # 20
due 10am Mon Dec 1st, via email

Reading No reading!!

Questions Just a poll this time! I'm interested in your reactions to the pre-reading assignments, and so I have some specific questions below.

1. Did the pre-reading assignments help you understand the material in the course?
2. I know that one problem with the pre-reading assignments is that I find it hard to get them sent out early enough so that you have at least 24 hours to do them. Does giving you a 5-assignment break (meaning that you only needed to answer 15 of the 20 assignments to get a perfect mark) seem reasonable? If not, what do you think is a fair number for you, and why?
3. If you had a choice between not having pre-reading assignments and having them, which would you choose? Why?

Thank you for taking the time to answer!
